We want all pulls to be safe and fun times for the spectators, pull operators and participants. Experience indicates the necessity for establishing and publishing rules for everyone to follow to ensure that we do have a fun and safe time.

Tractor forward speed may not pass the flagman. Violations will cause immediate disqualification.

In the interest of uniformity, any participants interested in pulling in the Garden Tractor pulled that is held on the Saturday of Reunion, held in August, will be required to set up and display all four days of the show. This four-day requirement is already enforced for the large tractor pullers. We have grown to a point that we can no longer accommodate truck/trailer parking for Saturday only pullers. Thank you for understanding.

Thank you,

The Garden Tractor Pulling Committee
